Rationalisation of various provisions

1. Income escaping & search assessments : Memorandum

Due to advancement of technology, the department is now collecting all relevant information related to transactions of taxpayers from third parties under section 285BA of the Act ...

Similarly, information is also received from other law enforcement agencies. This information is also shared with the taxpayer through Annual Information Statement under section 285BB of the Act.

Department uses this information to verify the information declared by a taxpayer in the return and to detect non-filers or or those who have not disclosed the correct amount of total income.

Therefore, assessment or reassessment or re-computation of income escaping assessment, to a large extent, is information-driven.

In view of above, there is a need to completely reform the system of assessment or reassessment or re-computation of income escaping assessment and the assessment of search related cases.

*The Bill proposes a completely new procedure of assessment of such cases. It is expected that the new system **would result in less litigation** and would provide ease of doing business to taxpayers as there is a reduction in time limit by which a notice for assessment or reassessment or re-computation can be issued.*

Rationalisation of various provisions

New reopening regime : Salient features

1. S.147 allows the Assessing Officer to assess or reassess or re-compute *any income escaping assessment for any assessment year* (called relevant assessment year).
2. Before such assessment or reassessment or re-computation, a notice is required to be issued under S.148 of the Act, which can be issued **only when there is information with the Assessing officer** which suggests that the income chargeable to tax has escaped assessment in the case of the assessee for the relevant assessment year. Prior approval of specified authority is also required to be obtained.
3. It is proposed to provide **that any information which has been flagged in the case of the assessee for the relevant assessment year in accordance with the risk management strategy** formulated by the Board **shall be considered as information** which suggests that the income chargeable to tax has escaped assessment. The flagging would largely be done by the computer based system.
4. Assessments or reassessments or in re-computation in cases where search is initiated under section 132 or requisition is made under 132A, after 31st March 2021, shall be under the new reopening procedure.

Rationalisation of various provisions

New reopening regime : Salient features

6. A final objection raised by the CAG of India that the assessment in the case of the assessee for relevant AY has not been in accordance with Act **shall also be considered as information**
7. Further, in search, survey or requisition cases initiated or made or conducted, on or after 1st April, 2021, **it shall be deemed that the Assessing officer has information** which suggests that the income chargeable to tax has escaped assessment in the case of the assessee for the 3 AY's immediately preceding the AY relevant to the previous year in which search is initiated or any material seized or survey is conducted.
8. New S.148A proposes that **before issuance of notice the AO shall conduct enquiries, if required, and provide an opportunity of being heard to the assessee.** After considering his reply, the AO shall decide, by passing an order, whether it is a fit case for issue of notice under section 148 and serve a copy of such order along with such notice on the assessee. The AO shall before conducting any such enquiries or providing opportunity to the assessee or passing such order obtain the approval of specified authority. **However, this procedure of enquiry, providing opportunity and passing order, before issuing notice under section 148 of the Act, shall not be applicable in search or requisition cases.**
9. Once reassessment has started the AO is proposed to be empowered (as at present) to assess or reassess the income in respect of any issue which has escaped assessment and which comes to his notice subsequently in the course of the proceeding under this procedure **notwithstanding that the procedure prescribed in section 148A** was not followed before issuing such notice for such income.

Rationalisation of various provisions

New reopening regime : Time limits

- The time limit for issuance of notice u/S.148 is now in S.149 of the Act
- in normal cases, no notice shall be issued if 3 years have elapsed from the end of the relevant assessment year. Notice > 3 years from the end of the relevant AY can be taken only in a few specific cases.
- in **specific cases** where the AO has evidence which reveal that the income escaping assessment, represented in the form of asset, amounts to or is likely to amount to fifty lakh rupees or more, notice can be issued beyond the period of 3 year but not beyond the period of 10 years from end of relevant AY
- Notice u/S.148 of the Act cannot be issued at any time in a case for relevant AY beginning on or before 1-4-2021, if such notice could not have been issued on account of being beyond time limit prescribed as they stood immediately before the proposed amendment.
- Where search or requisition is initiated or made on or before 31st March 2021, reassessments are to be carried out as per S.153A/B/C/D of the Act, aforesaid time limit shall not apply.
- Period of limitation for issue of S.148 notice, the time allowed to assessee in providing opportunity of being heard or period during which such proceedings before issuance of notice under S.148 are stayed by an order or injunction of any court, shall be excluded. If after excluding such period, time available to the AO for passing order, about fitness of a case for issue of 148 notice, is < 7 days, the remaining time shall be extended to seven days.

Rationalisation of various provisions

New Reassessment regime: Points to ponder

- Retrograde step to throw out HUGE jurisprudence on the issue
 - *Kelvinator* et al out of the window?
- Well-litigated and understood system unnecessarily *scrapped* instead of *modifying* (amendments with effect from 1st April 2021)
- Where is “Reason to believe”! Bulwark of legal protection for assessee’s
- “Information” / “deemed to be information”
 - Based on “risk management strategy” as prescribed by the Board
 - From third parties
 - From search
 - From audit objection (specifically mentioned!)
- Old “Explanation 3” specifically modified to suit any issue to be raked up regardless of procedure followed during course of reassessment
- 3 years or 10 years:
 - 10 years “likely to amount to fifty lakh rupees”
 - “in the form of an asset” ?

Rationalisation of various provisions

Presenting the new Section 147!

“147. If any income chargeable to tax, in the case of an assessee, has escaped assessment for any assessment year, the Assessing Officer may, subject to the provisions of sections 148 to 153, assess or reassess such income or recompute the loss or the depreciation allowance or any other allowance or deduction for such assessment year (hereafter in this section and in sections 148 to 153 referred to as the relevant assessment year).

*Provided that no notice under this section shall be issued unless **there is information with the Assessing Officer which suggests that the income chargeable to tax** has escaped assessment in the case of the assessee for the relevant assessment year and the Assessing Officer has obtained prior approval of the specified authority to issue such notice.*

Provided also that where immediately after the exclusion of the period referred to in the immediately preceding proviso, the period of limitation available to the Assessing Officer for passing an order under clause (d) of section 148A is less than seven days, such remaining period shall be extended to seven days and the period of limitation in sub-section (1) shall be deemed to be extended accordingly.

2. Faceless ITAT

S.255(7) : The Central Government may make a scheme, by notification in the Official Gazette, for the purposes of disposal of appeals by the Appellate Tribunal so as to impart greater efficiency, transparency and accountability by—

(a) eliminating the interface between the Appellate Tribunal and parties to the appeal in the course of appellate proceedings to the extent technologically feasible;

(b) optimising utilisation of the resources through economies of scale and functional specialisation;

(c) introducing an appellate system with dynamic jurisdiction.

Provided that no such direction shall be issued after the 31st day of March, 2023.

Rationalisation of various provisions

Faceless ITAT

(8) The Central Government may, for the purposes of giving effect to the scheme made under sub-section (7), by notification in the Official Gazette, direct that any of the provisions of this Act shall not apply to such scheme or shall apply with such exceptions, modifications and adaptations as may be specified in the said notification:

Provided that no such direction shall be issued after the 31st day of March, 2023.

(9) Every notification issued under sub-section (7) and sub-section (8) shall, as soon as may be after the notification is issued, be laid before each House of Parliament.”

*In order to **impart greater efficiency, transparency and accountability** to the assessment process, appeal process and penalty process under the Act a new faceless assessment scheme, faceless appeal scheme and faceless penalty scheme have already been introduced. Further, vide Taxation and Other Laws (Relaxation and Amendment of Certain Provisions) Act, 2020 the Central Government has been empowered to notify similar schemes in respect of many other processes under the Act that require a physical interface with the taxpayers.*

*In order to ensure that the reforms initiated by the Department to reduce human interface from the system reaches the next level, **it is imperative that a faceless scheme be launched for ITAT proceedings on the same line as faceless appeal scheme.** This will not only reduce cost of compliance for taxpayers, increase transparency in disposal of appeals but will also help in achieving even work distribution in different benches resulting in best utilisation of resources.*

*It is also proposed to empower the Central Government, for the purpose of giving effect to the scheme made under the proposed sub-section, for issuing notification in the Official Gazette, to direct **that any of the provisions of this Act shall not apply or shall apply with such exceptions, modifications and adaptations as may be specified in the notification.***

Such directions are to be issued on or before 31st March, 2023.

It is proposed that every notification issued shall, as soon as may be after the notification is issued, be laid before each House of Parliament.

This amendment will take effect from 1st April, 2021 [clause 78]

Rationalisation of various provisions

3. Board for Advance Ruling (“BAR”)

“As per past experience, the posts of Chairman and ViceChairman have remained vacant for a long time due to non-availability of eligible persons. This has seriously hampered the working of AAR and a large number of applications are pending since last many years. There is, therefore, a need to look for an alternative method of providing advance ruling which can give rulings to taxpayers in timely manner”

- AAR to become BAR
- Pending applications moved to BAR
- Appealable to HC
- Not binding on Dept
- Each BAR will consists of two Dept Officers (at least CC level)

Rationalisation of various provisions Board for Advance Ruling (“BAR”)

- Points to ponder:
 - What is the purpose of only Dept officers in BAR? Why no legal officers?
 - Reasoning that it is tough to appoint retired Judges is illogical
 - Dept officers issuing ruling but not binding on Dept?!
 - Private Letter Ruling (PLR) system in the USA system to be followed
 - Appealable to HC as opposed to Writ makes it go into a legal logjam on admission?

Rationalisation of various provisions

4. Discontinuance of Settlement Commission

- ITSC wound down w.e.f 1st February 2021
- Interim Board to hear pending applications [3 members, each officer of rank of CC]
- Assessee may withdraw pending application within 3 months from date of commencement of Finance Act, 2021
 - Income tax authority before whom proceeding was pending will dispose of the case as if no application to ITSC was made
 - IT Authority cannot use material and other information produced by assessee before ITSC

Rationalisation of various provisions

5. Dispute Resolution Committee for small/medium taxpayers

- S.245MA :
 - DRC to be constituted for resolution of IT disputes between a taxpayer and Dept
 - Eligible applicant to notified
 - Not eligible if there is detention, prosecution or conviction under various specified Acts
 - Taxpayer can opt for resolving dispute in respect of **specified order**
 - Specified Order means an order including draft order as notified by Board and
 - Only disputes where returned income is **Fifty Lakh rupee or less (if there is a return) AND**
 - **Aggregate amount of variation proposed is Ten Lakh rupees or less**
 - Assessee can opt-out.
 - Exclusions: Order based on a search initiated u/S.132 or S.132A or survey u/S.133A or information received under an agreement in S.90/90A
 - Power to reduce or waive any penalty or grant immunity from prosecution.
 - E-resolution scheme to be notified
- **Point to ponder: Small disputes, not likely useful for corporates?**

Rationalisation of various provisions

6. Section 194Q: TDS on purchase of goods

- Only for Buyer whose **total sales, gross receipts or turnover from business exceeds rs.10cr** during the FY immediately preceding FY in which purchase of goods is carried out.
- TDS of 0.1% required if the purchase of goods by him from the seller is of the value or aggregate of such value **exceeding fifty lakh** rupees in the previous year
- Does NOT apply to
 - Transaction on which tax is deductible under any provision of the Act
 - Transaction, on which tax is collectible under the provisions of section 206C other than transaction to which sub-section (1H) of section 206C applies.
- If on a transaction TCS is required under S.206C(1H) as well as TDS under this section, then on that transaction only TDS under this section shall be carried out.
- (No PAN, TDS becomes 5%)
- **These amendments will take effect from 1st July, 2021.**

Rationalisation of various provisions

7. Slump sale amendment

- Slump sale in S. 2(42C) of the Act to mean transfer of one or more undertakings as a result of the sale for a lump sum consideration without values being assigned to individual assets and liabilities in such cases.
- *Certain* judicial forums in few cases had held that IF there had been transfer otherwise than sale, then provisions of section 50B read with section 2(42C) of the Act were not applicable!
 - ITAT Mumbai Bench in the case of ***Oricon Enterprises Ltd. v. Asstt. CIT [2018] 171 ITD 231*** held that where the assessee had transferred its business division to its subsidiary against shares, same was not a 'slumpsale' but an 'exchange'; thus, S.50B of the Act would not apply.
 - *CIT vs. Bharat Bijlee Ltd. 365 ITR 258 Mumbai HC, Pr. CIT v. UTV Software Communication Ltd. [2019] 103 taxmann.com 12 etc*

Rationalisation of various provisions

Slump sale amendment

- *In order to make the intention clear, it is proposed to amend the scope of the definition of the term “slump sale” by amending the provision of clause (42C) of section 2 of the Act so that all types of “transfer” as defined in clause (47) of section 2 of the Act are included within its scope.*
- Explanation to the said clause inserted to provide "transfer" shall have the meaning assigned to it in S.2(47).
- **These amendments will take effect from 1st April, 2021** and will, accordingly, apply in relation to the assessment year 2021-2022 and subsequent assessment years.

Rationalisation of various provisions

8. Transfer of capital asset on dissolution or reconstitution

- The existing provisions of section 45 of the Act provides that any profits or gains arising from the transfer of a capital asset shall be chargeable to income-tax under the head Capital gains and shall be deemed to be the income of the previous year in which such transfer takes place.
- Further sub-section (4) of the said section, provides that the profits or gains arising from the transfer of a capital asset by way of ***distribution of capital assets on the dissolution of a firm or other association of persons or body of individuals (not being a company or a co-operative society) or otherwise***, shall be chargeable to tax as the income of such firm or other association of persons or body of individuals of the previous year in which the said transfer takes place. Further, the fair market value of the asset on the date of such transfer shall be deemed to be the full value of the consideration for the purposes of section 48.

Rationalisation of various provisions

Transfer of capital asset on dissolution or reconstitution

- Remember why S.45(3) and S.45(4) were introduced?
 - A long time ago(!)...one of devices used by assessee's to avoid Capital Gains tax was to convert an asset held individually into an asset of firm in which individual is a partner
 - The decision of ***Kartikeya V. Sarabhai vs CIT (156 ITR 509)*** held such a conversion falls outside scope of CG with rationale being consideration for transfer of personal asset is indeterminate being the right which arises to partner during subsistence of partnership to get his share in profits from tie to time and on dissolution to get value of share from net partnership asset
 - To block this escape route S.45(3) was introduced with Finance Act, 1987
- Conversion of partnership assets into individual assets on “dissolution or otherwise” also forms part of same scheme of tax avoidance. S.45(4) also introduced with FA 1987
- Refer CBDT Circular No.4995 dated 22.9.1987

Rationalisation of various provisions Plugging S.45(4) issues

- New S.45(4) deals with “dissolution ... **or otherwise**” and reconstitution was not considered to fall under s.45(4)
 - ***G.H.Reddy & associates vs. ACIT (102 taxmann.399 Madras), National Company vs ACIT (TCA No 365 and 366 of 2009 dated 8th April 201 Madras HC)***
 - ***Vikas Academy vs ITO (TCA No.716 of 2015 dated 16th Sept. 2019 Madras HC)*** held assessee firm decided to reorganize business whereby couple of partners retired and fresh partners were inducted but assets & liabilities relating to business remained with firm, it was reconstitution of firm and no CG u/S.45(4)
- New S.45(4A) deals with profits arising from ***revaluation*** as well as ***receipt of capital asset*** by specified person in **excess of credit in his capital account** and subjects these profits to tax under the head Capital Gains
- **These amendments will be effective from the 1st April, 2021 and will apply to AY 2021-22 and subsequent assessment years.**

S.45(4) Notwithstanding anything contained in sub-section (1), where a **specified person** receives during the previous year any capital asset at the time of dissolution or reconstitution of the **specified entity**, which represents the balance in his capital account in the books of accounts of such specified entity at the time of its **dissolution or reconstitution**, then any profits or gains arising from receipt of such capital asset by the specified person shall be chargeable to income-tax as income of such specified entity under the head "Capital gains" and shall be deemed to be the income of such specified entity of the previous year in which such capital asset was received by the specified person and notwithstanding anything to the contrary contained in this Act, for the purposes of section 48,—

(a) fair market value of the capital asset on the date of such receipt shall be deemed to be the full value of the consideration received or accruing as a result of the transfer of such capital asset; and

(b) the cost of acquisition of the capital asset shall be determined in accordance with the provisions of this Chapter:

Provided that the balance in the capital account of the specified person in the books of account of the specified entity is to be calculated without taking into account increase in the capital account of the specified person due to revaluation of any asset or due to self-generated goodwill or any other self-generated asset.

Explanation.—For the purposes of this sub-section,—

(i) “specified entity” means a firm or other association of persons or body of individuals (not being a company or a cooperative society);

(ii) “self-generated goodwill” and “self-generated asset” mean goodwill or asset, as the case may be, which has been acquired without incurring any cost for purchase or which has been generated during the course of the business or profession;

(iii) “specified person” means a person who is partner of a firm or member of other association of persons or body of individuals (not being a company or a cooperative society), in any previous year.

9. Goodwill not depreciable

- **Difference between the amount paid for the business and the net worth** is treated as goodwill.
- **Supreme Court, in the case of CIT vs. SMIFS Securities Ltd. [2012] 24 taxmann.com 222 (SC)/348 ITR 302 (SC)**, felt that the Tribunal was justified in taking the view that the goodwill so ascertained is a depreciable asset in the light of Explanation 3(b) to section 32(1) of the Act as a right as "any other business or commercial rights of similar nature".
- Budget proposes **goodwill of a business or profession will not be considered as a depreciable asset and there would not be any depreciation on goodwill of a business or profession in any situation.**
- In a case where goodwill is *purchased* by an assessee, the purchase price of the goodwill will continue to be considered as cost of acquisition for the purpose of computation of capital gains under section 48 of the Act..

- Aggregate of TDS and TCS in his case is \geq Rs.50k in each of these two previous years.
- **Specified person shall not include a non-resident who does not have a permanent establishment in India**

14. Equalisation levy: A brief background

- EL was a new levy India rushed through based on OECD BEPS Action Plan 1 to tax digital transactions (ie income accruing to foreign e-commerce companies from India) via a levy which did a run around of the DTAA's.
 - In 2016, it started innocuously with targeting only online advertisement (Google Tax)
- FA 2020 significantly expanded it including all non-resident e-commerce operators providing 'e-commerce supply or service.'
- EL to be levied on **online sale of goods or online provision of services or a combination of both, by non-resident (NR) e-commerce operators (ECO)**, when online sale is made by a non-resident to a:
 - Person resident in India, irrespective of the IP address used
 - Person who uses IP address located in India, while ordering such goods or services
 - Non-Resident, pursuant to *Sale of advertisement*, which targets a customer resident in India or *Sale of data* collected from a person resident in India
- EL being charged at the rate of 2% on amount of consideration received by a non-resident 'e-commerce operator' from e-commerce supply/services (as against 6% introduced in 2016)

 - (i) consideration for sale of goods irrespective of whether the e-commerce operator owns the goods;
 - (ii) consideration for provision of services irrespective of whether service is provided or facilitated by the e-commerce operator.
- **Apply retrospective from 1st April 2020.**

Equalisation levy: Points to ponder

- Intra-group services Major area of controversy
- IT Support provided by the foreign company to Indian co.
- Online database access provided by foreign group HQ to Indian company
- In-house portal of the global companies to buy services/goodies/branded products
- Online services such as on-call advisories, digital documents, software development support etc.
- **One part of the process is online then what?**
- EQ levy has also been referred to as 'discriminatory' by the US Trade Representative (USTR).
- **Bottomline:** FA 2021 doesn't help...basically all sale of goods, services by foreign entities will be taxed as EL

Rationalisation of provisions

15. Taxability of interest on funds when income is exempt

- Instances have come to the notice where some employees are contributing huge amounts to these funds and entire interest accrued/received on such contributions is exempt from tax under **S.10(11) and S.10(12)**
- Accordingly, proviso inserted that the provisions of these clauses shall NOT apply to the interest income accrued during the previous year in the account of the person as it relates to the amount (or aggregate of amounts) of contribution made by the person **exceeding 2.5lakhs in a previous year in that fund**
- **Applies to AY 2022-2023 and onwards**

Points to ponder:

- Hits high-income salaried people who use the Voluntary Provident Fund to earn tax-free interest (only 1% of total subscribers according to FM!)
- Remember 2016 budget? Interest accrued on 60% EPF tax proposal was dropped
- But this threshold unlikely to be rolled back as it won't affect those who contribute up to rs.20,833 a month to PF (basic salary 1.73 lakhs)
 - Keep in mind new Wage Code from 1st April lays down basic salary must be at least 50% of total income and so basic salary rejig will lead to higher PF contrib.

23. “Liable to tax”

- Newly inserted definition for “liable to tax” in S.2(29A)
- *The term “liable to tax” in relation to a person means that there is a liability of tax on that person under the law of any country and will include a case where subsequent to imposition of such tax liability, an exemption has been provided.*
- **Points to ponder:** defining DTAA terms?

Removing difficulties faced by taxpayers

24. TDS exemption on dividend to business trusts

- Section 194 provides for deduction of tax at source (TDS) on payment of dividends to a resident.
- The second proviso to S.194 provides that the provisions of this section shall NOT apply to such income credited or paid to certain insurance companies or insurers.

- S.196D(1)(a) – TDS on income of FII on securities as referred to in 115AD(1)(a) at 20%
 - Now, DTAA rates can apply if lesser
- Points to ponder:
 - Reference made to *PILCOM vs. CIT West Bengal (Civil Appeal No. 5749 of 2012)* SC decision to justify 20% is right and DTAA rate can't be applied unless specifically provided for as has been done by this amendment!

Removing difficulties faced by taxpayers
